## **CERTIFIED PUBLIC ACCOUNTANT'S REPORT**

**To the shareholders  
Jordan French Insurance Company**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Jordan French Insurance Company (P.L.C), which comprise of the statement of financial position as of December 31, 2017, and the related statements of comprehensive income, Statement of owners' equity and statement of cash flows, for the year then ended, and a summary of significant accounting policies and other explanatory information.

### **Basis for Opinion**

In our opinion, the financial statements present fairly, in all material respects, the statement of financial position of Jordan French Insurance Company (P.L.C) as of December 31, 2017, and its financial performance and cash flows for the year then ended are in accordance with International Financial Reporting Standards.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our audit opinion.

### **Key audit matters**

Key audit matters, according to our professional judgment are matters that had the significant importance in our auditing procedures that we performed to the financial statement. The basic auditing matters have been addressed in our auditing workflow to financial standards as we do not express separate opinions.

#### **- Account receivables – net**

In accordance with International Financial Reporting Standards, the company has to review the calculation of Account Receivables Impairment Provision, the company assesses the decline in Account Receivables through assumptions and estimations, and considering its importance it is considered one of the significant Audit Risks, and the Account Receivables Provision has been recognized.

#### **- Unearned and unreported claims provisions**

In accordance with International Financial Reporting Standards, and considering the nature of provision recognition the company has to make provisions that is related to the nature of insurance transaction and the technical advantages, and it is only required for insurance companies, the provision are an important element for the company to match with contingencies, but it cannot be accurately determined, so the company has to consider the studies of assumptions and estimations through technical experts reports (Actuary Report).

## Key Audit matters procedures

### - Account receivables – net

Our Audit procedures included the review of internal control of Account Receivable Collection, and ascertaining a sample of clients accounts through direct confirmations, and then reviewing the provision of account receivables and that through the assumptions the management considers and considering the risks of deferred accounts, and we have also assessed the efficiency of disclosures. The company has increased the provision to JD 181,147 and so the amount of accounts receivables is reported at fair value as of December 31, 2016.

### - Unearned and unreported claims provisions

Our Audit Procedures included the process of provision recalculation in accordance with The Insurance Committee, so a sample of unearned claims has been reviewed through insurance policies from different branches and ascertaining that it is recognized on the periods on which they belong and it amounted JD 5,316,922 and the claims have been reviewed through its occurrence and comparing it to previous fiscal years, and the actuary reports have been taken into consideration so the provisions are precisely made, and it amounted JD 7,165,028 and based on that the provisions are reported.

### Other information:

The management is responsible for other information.

Which includes other information reported in the final report, but not included in the financial statements and our audit report on it.

Our opinion does not include these other information, and we do not express any assertion over it regarding our consolidate financial statement we are obliged to review these other information, and while that, we consider the compatibility of these information with their consolidates financial statement. If we detected based on our audit, the existence of significant errors in the information, we are obliged to report this fact. Regarding this, we have nothing to report.

### Management responsibility of the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. And for such internal control, management is determined to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Certified public accountant responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require us to comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

***As part of an audit in accordance with The International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:***

- Identify and assess the risks of material misstatement of the initial Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the Going Concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the initial Financial Statements, including the disclosures, and whether the initial Financial Statements represent the underlying transactions and events in a manner that achieves Fair Presentation.
- We communicated with audit the Financial Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### **Legal requirements report**

The Company maintains proper books of accounting records which are in agreement with the accompanying financial statements and with the financial information included in the Board of Directors report, and we recommend the General Assembly to approve the financial statements.

## **JORDAN FRENCH INSURANCE COMPANY** (PUBLIC SHAREHOLDING COMPANY)

### **NOTES TO THE FINANCIAL STATEMENTS (continued)** **FOR THE YEAR ENDED DECEMBER 31, 2017** (EXPRESSED IN JORDANIAN DINAR)

---

#### **1. ORGANIZATION AND ACTIVITIES**

Jordan French Insurance Company is a Jordanian public shareholding Company ("the Company"), was registered on March 20, 1976 under Commercial registration number (101). The Company's share capital is JD 9,100,000 divided into 9,100,000 shares, the par value is one JD per share.

The Company engages in business of insurance in all kind.

#### **A) Life Insurance:**

- Life Insurance
- Pension Insurance
- Investments Insurance
- Perpetual Health insurance

#### **B) General Insurance:**

- Medical Insurance
- Marine and shipping insurance
- Flight Insurance
- Fire and property damage insurance
- Vehicles Insurance
- Accidents Insurance
- Responsibility Insurance
- Assurance insurance
- support insurance

The board of director approved the accompanying financial statement at meeting which was held on feburuey 27, 2018 and its pending for approval from the General authority of shareholders.

#### **2. BASIS OF PREPARATION**

These financial statements were prepared in accordance with the International Reporting Financial Standards issued by The Board of internatioal accounting standards and in accordance with the local regulations and in accordance with the Insurance committee.

The financial statements have been prepared on historical cost basis except for the financial assets designated at fair value through comprehensive income statement and the financial assets designated at fair value through other comprehesive icome that are stated at fair value as of the date of financial statements. Moreover, reserved financial assets and financial liabilities are stated at fair value.

The Financial statements have been presented by the Jordanian Dinar as it is the main currency of the company.

The followed policies for the year are the policies followed previous year, except for what has been disclosed in the change of accounting policies.

### Use of estimates

Preparation of the financial statements and application of the accounting policies require the Company's management to perform estimates and judgments that affect the amounts of the financial assets and liabilities, and disclosures relating to contingent liabilities. These estimates and judgments also affect revenues, expenses, provisions and changes in the fair value shown within comprehensive income. In particular, management is required to issue significant judgments to assess future cash flows and their timing. The above mentioned estimates are based on several assumptions and factors with varying degrees of estimation and uncertainty. Moreover, the actual results may differ from the estimates due to changes resulting from the circumstances and situations of those estimates in the future.

## **JORDAN FRENCH INSURANCE COMPANY** (PUBLIC SHAREHOLDING COMPANY)

### **NOTES TO THE FINANCIAL STATEMENTS (continued)** **FOR THE YEAR ENDED DECEMBER 31, 2017** (EXPRESSED IN JORDANIAN DINAR)

---

We believe that the estimates within the financial statements are reasonable, and the details are as follows:

Management periodically evaluates the productive lives of tangible assets for the purpose of calculating annual depreciation based on the general condition of those assets and the estimates of their expected productive lives in the future. Any impairment loss is taken to the statement of comprehensive income.

The Company allocates provision for doubtful debt after studying the ability of debt collection. The Company allocates to each financial year its own income tax expense according to the applied laws and regulation.

Provision is made allegations technical provisions is estimated based on technical studies and in accordance with the instructions of the Insurance Commission as the arithmetic provision is calculated according to actuarial studies.

The Company allocates provision for the cases upload against it depending on the estimate of the Company's lawyer.

The management regularly reviews financial assets stated at cost to estimate any impairment in value and are taking this decline in the income statement for the year.

### **3. NEW AND REVISED STANDARDS AND AMENDMENTS TO IFRSs IN ISSUE BUT NOT YET EFFECTIVE:-**

The following new standards and amendments to the standards have been issued but are not yet effective and the Company intends to adopt these standards, where applicable, when they become effective.

<b><u>New Standards</u></b>	<b><u>Effective Date</u></b>
(IFRS) No.9 – Financial Instruments	January 1, 2018
(IFRS) No.15 – Revenues from Customers Contract	January 1, 2018
(IFRS) No.16 – Leases	January 1, 2019

Board of directors of the company is expecting that the application of these standards and interpretations will not have a substantial impact on the Company's financial statements.

**JORDAN FRENCH INSURANCE COMPANY**  
**(PUBLIC SHAREHOLDING COMPANY)**

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED DECEMBER 31, 2017**  
**(EXPRESSED IN JORDANIAN DINAR)**

---

**4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**The sectoral report represents**

The business sector represents a collection of assets and operation engaged together in providing product or services subjected to risks and returns that are different from those of other business sectors, which are measured according to the reports that are used by the executive director and the main decision – markers in the Company.

**Intangible assets**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives.

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

The amount initially recognised for internally-generated intangible assets is recognised in profit or loss in the period in which it is incurred.

At the financial statement date, the Company reviews whether if there is any indication that the assets have suffered an impairment loss.

## **JORDAN FRENCH INSURANCE COMPANY** (PUBLIC SHAREHOLDING COMPANY)

### **NOTES TO THE FINANCIAL STATEMENTS (continued)** **FOR THE YEAR ENDED DECEMBER 31, 2017** (EXPRESSED IN JORDANIAN DINAR)

#### **Property and equipment**

Property and equipment are stated at cost less accumulated depreciation. Expenditures on maintenance and repairs are expensed. While expenditures for betterment are capitalized. Depreciation is provided over the estimated useful lives of the applicable assets using the straight-line method. The estimated rates of depreciation of the principal classes of assets are as follows:

	<u>Annual depreciation rate</u>
Buildings	2%
Equipments, devices and furnituer	10-15%
Vehicle	15%
Computer equipments and software	40%

Useful lives and the depreciation method are reviewed periodically to make sure that the method and amortization period appropriate with the expected economic benefits of property and equipment.

Impairment test is performed to the value of the property and equipment that appears in the interim Statement of Financial Position When any events or changes in circumstances shows that this value is non-recoverable.

In case of any indication to the low value. Impairment losses are calculated according to the policy of the low value of the assets

At the exclusion of any subsequent property and equipment. recognize the value of gains or losses resulting. Which represents the difference between the net proceeds of exclusion and the value of the property and equipment that appears in the interim Statement of Financial Position. Gross Profit and loss.

#### **Investements In Real Estate**

Investment properties are stated at cost (in accordance with IAS 40). The Company's criteria for recording investments are either at cost or at fair value provided that there is no impediment to the ability to reliably determine the value of the investments

	<u>Annual depreciation rate</u>
Investements In Real Estate	2%

#### **Investments in affiliated companies**

Affiliates are those companies which the company has effective influence on decisions regarding the financial and operating policies (as the company has no control) which the company owns

## JORDAN FRENCH INSURANCE COMPANY (PUBLIC SHAREHOLDING COMPANY)

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

between 20% to 50% of the voting rights, and investments are shown in affiliated companies under the equity method.

Income and Expenses arising from transactions between the Company and its affiliates are excluded, and according to the company's proportion of the contribution in these companies.

#### Financial assets at amortized cost

-Financial assets at amortized cost are the financial assets which the company management intends according to its business model to hold to collect the contractual cash flows which comprise the contractual cash flows that are solely payments of principal and interest on the principal outstanding.

- Financial assets at amortized cost are recorded at cost upon purchase plus acquisition expenses. Moreover, the issue premium\discount is amortized using the effective interest rate method, and recorded to interest or in its account. Any allocations resulting from the decline in value of these investments.

leading to the inability to recover the investment or part thereof are recorded, and any impairment is registered in the statement of income.

-Impairment in financial assets recorded at amortized cost is determined on the basis of the difference between the book value and the present value of the expected cash flows discounted at the effective interest rate.

#### Financial assets designated at fair value through statement of comprehensive income

Financial assets are classified as at fair value through statement of income when the financial asset is either held for trading or it is designated as at fair value through statement of income. A financial asset is classified as held for trading if:

- It has been acquired principally for the purpose of selling it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument.

A financial asset other than a financial asset held for trading may be designated as at fair value through statement of income upon initial recognition if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED DECEMBER 31, 2017**  
(EXPRESSED IN JORDANIAN DINAR)

---

- The financial asset forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- It forms part of a contract containing one or more embedded derivatives, and IAS 39 *Financial Instruments: Recognition and Measurement* permits the entire combined contract (asset or liability) to be designated as at fair value through statement of income.

Financial assets at fair value through statement of income are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'other gains and losses' line item in the income statement.

## JORDAN FRENCH INSURANCE COMPANY (PUBLIC SHAREHOLDING COMPANY)

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

#### Reclassification

Financial assets from amortized cost may be re-classified to financial assets at fair value through the income statement and vice versa only when the entity changes the business model that was classified on basis of those assets, taking into consideration the following:

- Profits or losses or benefits that has been recognized previously may not be recovered•
- When re-classification of financial assets so that they are measured at fair value the fair value is then determined at the date of reclassification, any gain or loss arising from the difference between the previously recorded value and fair value in the income statement are classified.

#### Financial assets specified at fair value through statement of other comprehensive income

Specific financial assets at fair value through statement of other comprehensive income are non-derivative financial assets, the purpose of the acquisition is to keep them as available for sale until the date of maturity, not for trading.

Differences in the change in fair value of financial assets specified at fair value through other comprehensive income statement are recorded in other comprehensive income statement.

Financial assets specified at fair value through statement of other comprehensive income that is have a market prices stated at fair value after deducting any accumulated Impairment losses in its fair value.

Financial assets specified at fair value through statement of other comprehensive income that is do not have a market prices and cannot determine the fair value stated at cost and any Decline in its value recorded in other comprehensive income statement.

Profits and losses resulting from differences of foreign currency translation for the debt instruments are recorded within the financial assets specified at fair value through other comprehensive income statement in the statement of other comprehensive income, while differences from foreign currency translation for the debt instruments are recorded in the accumulated change in fair value in owners' equity.

#### The Decline in value of the financial assets

In date of each statement of financial position, values of the financial assets have been reviewed , to determine if there indication to decline in its value.

As for the financial assets such as trade accounts receivable and assets was evaluated as individual low-value , were evaluated for the decline in the value on a collective basis. The substantive evidence for decline in portfolio of the accounts receivable includes the past experience about the collection of payments. And the increase in the number of the late payments portfolio (which it's beyond the rate of borrowing )also it includes the significant changes in the international and local economic conditions that are related with non-collection of accounts payable.

**JORDAN FRENCH INSURANCE COMPANY**  
**(PUBLIC SHAREHOLDING COMPANY)**

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED DECEMBER 31, 2017**  
**(EXPRESSED IN JORDANIAN DINAR)**

---

The Reduce in the listed value of the financial assets is the amount of loss decline of value directly. And this is for all the financial assets except the trade accounts receivable as the listed value had been reduced by provisions accounts . when is one of the accounts receivables are non-collected then write off the amount of this debt and the equal amount from account of provisions.

The changes in the listed value for the provisions account recognized in statement of comprehensive income.

As for the ownership equity tools which are available for sale , decline losses are not closed in the recognized value in the statement of comprehensive income. However any increase in the fair value become after decline loss has recognized directly in statement of owner's equity.

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

---

#### Offsetting

Financial assets and financial liabilities are offset, and the net amount is reflected in the statement of financial position only when there are legal rights to offset the recognized amounts, the Bank intends to settle them on a net basis, or assets are realized and liabilities settled simultaneously.

#### Recognition date of the financial assets

the purchase and selling of financial assets is recognized on the date of trading (the date of the company's commitment to purchase or sell financial assets).

#### Fair Value

Closing market prices (acquiring assets/selling liabilities) in active market at the date of the financial statement represent the fair value of the financial derivatives traded. In case declared market prices do not exist, active trading for some financial assets and derivatives is not available, or the market is inactive, fair value is estimated by one of several method including the following:

- Comparison with the market value of another financial asset with similar terms and conditions.
- Analysis of the present value of expected future cash flows for similar instruments.
- Adoption of the option pricing model.

#### Accounts reinsurers

The shares of reinsurers is calculated from insurance premiums and paid compensations and technical provisions and all rights and obligations arising from the re-insurance based on contracts between the company and reinsurers, according to the accrual basis.

#### Cash and cash equivalents

Cash and cash equivalents include cash, demand deposits, and highly liquid investments with original maturities of three months or less, and which are not exposed to a significant risk of value change.

#### Income Tax

Income tax expenses represent accrued taxes and deferred taxes.

#### Accrued Taxes

-Income tax expenses are accounted on the basis of taxable income. Moreover, taxable income differs from income declared in the financial statements because the latter includes non-taxable

**JORDAN FRENCH INSURANCE COMPANY**  
(PUBLIC SHAREHOLDING COMPANY)**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED DECEMBER 31, 2017**  
(EXPRESSED IN JORDANIAN DINAR)

---

revenue or tax expenses not deductible in the current year but deductible in subsequent years, accumulated losses acceptable by the tax authorities, as well as unallowable and non-taxable items.

-Taxes are calculated on the basis of the tax rates prescribed according to the prevailing laws, regulations, and instructions in Jordan.

**Deferred Taxes**

-Deferred taxes are taxes expected to be paid or recovered as a result of temporary timing differences between the value of the assets and liabilities in the financial statements and the value of the taxable amount. Moreover, deferred taxes are calculated according to the statement of financial position liability method based on the tax rates expected to be applied at the tax settlement date or the realization of the deferred tax assets and liabilities.

-The balances of deferred tax assets and liabilities are reviewed at the statement of financial position date and reduced in case they are expected not to be utilized or are no longer needed, wholly or partially.

## JORDAN FRENCH INSURANCE COMPANY (PUBLIC SHAREHOLDING COMPANY)

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

#### Foreign currency translation

Foreign currency transactions are translated into Jordanian Dinar at the rates of exchange prevailing at the time of the transactions, Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the exchange rates prevailing at that date, Gains and losses from settlement and translation of foreign currency transactions are included in the statement of comprehensive income.

#### Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and reliable estimate can be made regarding the amount of the obligation.

The amount recognised as provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

#### Technical Provisions

Technical Provisions are taken and maintained according to the regulations of the insurance commission as follows:

1. The provision unearned premiums for general insurance activities is calculated according to the remaining up to the expiry date of the insurance policy after the financial statements date on the basis of a (365) day year except for marine and land transport insurance for which provision is calculated on the basis of written premiums of the policies issued on the date of financial statements according to laws, regulations and instructions issued for this purpose.
2. The provision for reported claims is computed by determining the maximum total expected costs for each claim on an individual basis.
3. Additional provisions for incurred but not reported claims are calculated based on the company's experience and estimates so as to meet any obligations that might arise due to events that took place prior to the end of fiscal year but have not been reported to the company.

**JORDAN FRENCH INSURANCE COMPANY**  
(PUBLIC SHAREHOLDING COMPANY)

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED DECEMBER 31, 2017**  
(EXPRESSED IN JORDANIAN DINAR)

---

**Provision for doubtful debts**

A provision for doubtful debts is taken when there is objective evidence that whole or part of these debts has become irrecoverable. The provision is calculated as the difference between the book value and recoverable value.

**End of service indemnity provision**

End of service indemnity provision is calculated based on the internal regulations prepared by the company in accordance with Jordanian companies law.

Annual compensations paid to terminated employees are charged at the end-of-service indemnity provision when paid. Moreover, an allowance for the company's liabilities in connection with end-of-service compensations is taken to the statement of income.

## JORDAN FRENCH INSURANCE COMPANY (PUBLIC SHAREHOLDING COMPANY)

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

---

#### **Cost of issuance or purchase of shares of the insurance company**

Any costs resulting from the issuance or purchase of shares of the insurance company are set on retained earnings (set in net value after tax impact to these costs if they occur). If the issuance or purchase process has not been completed then these costs are recognized as expenses on the income statement.

#### **Revenue Recognition**

##### **-Insurance Contracts**

Insurance premiums arising from insurance contracts are recorded as revenue for the year (earned insurance premiums) on the basis of the maturities of time periods and in accordance with the insurance coverage periods. Insurance premiums from the insurance contracts unearned at the date of the statement of financial position are recorded as unearned insurance premiums within liabilities.

Claims and incurred losses settlement expenses are recorded in the statement of income based on the expected liability amount of the compensation relating to the insurance policyholders or other affected parties.

##### **- Dividends and Interest**

Dividends from investments are recorded when the right of the shareholder to receive dividends arises upon the related resolution of the general assembly of shareholders.

Interest income is calculated according to the accrual basis based on the maturities of the time periods, original principals, and earned interest rate.

##### **Rental Income**

Rental income from investment properties is recognized in statement of income on a straight line basis over the term of operating lease and the advances and unearned portion of the rental income is recognized as a liability.

##### **Expense Recognition**

all commissions and other costs relating to the acquisition of new or renewed insurance policies are amortized in the statement of income upon their occurrence. Other expenses are recognized on the accrual basis.

##### **Insurance Compensation**

**JORDAN FRENCH INSURANCE COMPANY**  
(PUBLIC SHAREHOLDING COMPANY)**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED DECEMBER 31, 2017**  
(EXPRESSED IN JORDANIAN DINAR)

---

Insurance compensations represent the claims during the period and the change in the claims provision.

The insurance compensations represent all the amounts paid during the year whether they relate to the current year or previous years. Moreover, outstanding claims represent the highest estimated amount for the settlement of all claims resulting from events that took place prior to the statement of financial position date but were still unsettled at that date. Moreover, outstanding claims are calculated on the basis of the best information available at the date of financial statements and include the incurred but not reported claims provision..

**Salvage and Subrogation Reimbursements**

Estimates of salvage and subrogation reimbursements are considered as an allowance in the measurement of the insurance liability of claims.

**General and Administrative Expenses**

All distributable general and administrative expenses are loaded on insurance branches separately, Moreover (80%) the general and administrative expenses have been allocated to the various insurance departments on the basis of the earned premiums of each department in proportion to total premiums.

## JORDAN FRENCH INSURANCE COMPANY (PUBLIC SHAREHOLDING COMPANY)

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

#### Employees Expenses

All distributable employee's expenses are reloaded on insurance branches separately. Moreover, 80% of the employee's expenses have been allocated to the various insurance departments on the basis of the earned premiums of each department in proportion to total premiums.

#### Acquisition Costs of Insurance Policies

Acquisitions costs represent the costs incurred by the company againsts selling, underwriting, or starting new insurance contracts. The acquisition costs are recorded in the statement of income.

#### Mortgaged Financial Assets

It is those financial assets pledged in favor of other parties with a right of the other party to dispose of them (selling or re-mortgage). Evaluation of these assets will continue in accordance with the adopted accounting policies according to each of their original classifications.

#### Liability Adequacy Test

At each reporting date, liability adequacy tests are performed to ensure the adequacy of insurance contract liabilities. The group makes use of the best estimates of future contractual cash flows and claims handling and administration expenses, as well as investment income from the assets backing such liabilities in evaluating the liability. Any deficiency is immediately charged to the statement of income.

## JORDAN FRENCH INSURANCE COMPANY (PUBLIC SHAREHOLDING COMPANY)

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

---

#### **Credit risk and concentration on assets**

The practice of the company's insurance business exposes the company to many risks, including the credit risk resulting from the failure or inability of debtors to fulfill their obligations towards the company resulting in case it happens to realized losses. Therefore, the most important duties of the Department of Finance in the company is to make sure these risks as not to exceed the specified general framework previously in the company's policy that works to balance risk and return.

As the company's management is working to control credit risk where the credit standing of the clients and customers on a regular basis in accordance with the evaluation system assessed, either the focus on risk assets are processed through the distribution of the company's portfolio on a global reinsurers from first class to ensure the distribution of the risks minimal.

#### **Interest Rate Risks:**

Interest rate risks relate to long-term bond deposits, development bonds, and other deposits. Moreover, the company always endeavors to mitigate there risks through monitoring the changes in interest rates in the market nterest rate risks relate to fixed deposits at banks and overdrafts accounts.

#### **Foreign Currencies Risk**

Foreign currencies risks are the risks resulting from the fluctuations in the value of the financial instruments due to the changes in the exchange rates of foreign currencies.

#### **Liquidity Risk**

The company's management follows a suitable system for the management of risks relating to short-term and long-term financing. This is performed through maintaining proper reserves, actual monitoring of the expected cash flows, and comparing the maturities of assets, on one hand, the financial liabilities and technical obligations, on the other.

#### **Stock Market Risk**

Since the company conducting investment activities in stock then it is necessary to analyze the performance of the stock market where the stock market in Jordan is one of the emerging markets, therefore dealing with it can cause into a liquidity squeeze risk.

#### **Second: Quantitative Disclosures**

##### **INSURANCE RISK 1-**

Risk of any insurance policy represent the probability of occurrence of the insured accident and the uncertainty of the related claim amount due to the nature of the insurance policy whereby the risks are volatile and unexpected in connection with insurance policies of a certain insurance class. As regards the application of the probability theory on pricing and the reserve , the primary risks facing the company are that incurred claims and the related payment may exceed the book value of the insurance obligation . this may happen if the probability and risks of claims are greater than expected . as insurance accident are unstable and vary from one year to another , estimates may differ from the related statics.

Studies have shown that the more similar the insurance policies are the nearer expectations are to the actual loss. Moreover, diversifying the types of insurance risks covered decreases probability of the overall insurance loss.

#### **Fire and other damage to property**

The purpose of the Property Insurance compensate policyholders for damage caused to their real estate or for lost real estate value. And also policyholders can catch compensation for loss of earnings due to the inability to use the insured properties.

The main risks for real estate insurance contracts are fire and business interruption as the company in recent years has issued policies for properties containing fire alarm equipment. The conclusion of insurance contracts on the basis of the replacement for value of real estates and its content insured, cost of reconstruction of the real estate and providing alternatives to the content and the time required to restart the discontinued operations is considered as the main factors, that affect the size of the claims for the company's cover from reinsurance companies to limit the damage whether at the level of the low and great values and ratios that provide the required protection and its clients.

#### **Vehicles**

The purpose of vehicle insurance is to compensate policyholders from damage caused to their vehicles or responsibility against third parties arising from the accident. Also policyholders can catch compensation for combustion or steal their vehicles.

As for motor the main risks are claims for death and personal injuries and the replacement or repair of automobiles. The Company has cover from reinsurers to cover losses both

## JORDAN FRENCH INSURANCE COMPANY (PUBLIC SHAREHOLDING COMPANY)

### NOTES TO THE FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED DECEMBER 31, 2017 (EXPRESSED IN JORDANIAN DINAR)

---

at the level of the low and large values and ratios provide the required protection for businesses and their customers notification. The amounts to be paid in compensation for deaths and to injured and replacement costs of cars are the main factors affecting the level of claims.

#### **Marine and transportation insurance**

As for marine and transportation insurance that are considered the main risk in the loss or damage of the marine and land units and accidents resulting in total or partial loss of goods.

the purpose of marine and transport insurance is compensating insurance policies for damaged that arises from the loss or damaged sea and land units and accidents at sea and land, which produces partial or total loss of goods.

The strategy followed for the marine and transportation insurance sector is to ensure that policies are varied regarding shipping, land and roads covered by insurance. the Company has cover from reinsurers to cover losses both at the level of the low and great values and provided ratios that require protection for businesses and their clients.

#### **Medical Insurance**

Includes the insured losses when damage is caused by illness or disability and is followed by providing fixed financial benefits or benefits in the form of compensation or a combination of both benefits that the company has the intention of providing cover from reinsurance companies to reduce this risk.

Financial assets designated at fair value through statement of other comprehensive income	2,658,891	-	-	2,658,891
	2,670,344	-	-	2,670,344

The value set out in the third level reflect the cost of buying these assets rather than its fair value due to the lack of an active market for them, this is the opinion of Directors that the purchase cost is the most convenient way to measure the fair value of these assets and that there was no impairment.

**JORDAN FRENCH INSURANCE COMPANY**  
 (PUBLIC SHAREHOLDING COMPANY)
